The screenshot shows the ACM Portal homepage with a search bar at the top. The search bar contains the text "synapse cell relational four link identifier". Below the search bar, there is a message stating "Nothing Found" and a note that the search did not return any results. There are also links for "Advanced Search" and "Search Tips". The portal logo "PORTAL" is visible on the left, and the USPTO logo is on the right.

## Nothing Found

Your search for **synapse cell relational four link identifier** did not return any results.

You may want to try an [Advanced Search](#) for additional options.

Please review the [Quick Tips](#) below or for more information see the [Search Tips](#).

### Quick Tips

- Enter your search terms in lower case with a space between the terms.

sales offices

You can also enter a full question or concept in plain language.

Where are the sales offices?

- Capitalize proper nouns to search for specific people, places, or products.

John Colter, Netscape Navigator

- Enclose a phrase in double quotes to search for that exact phrase.

"museum of natural history" "museum of modern art"

- Narrow your searches by using a + if a search term must appear on a page.

museum +art

- Exclude pages by using a - if a search term must not appear on a page.

museum -Paris

Combine these techniques to create a specific search query. The better your description of the information you want, the more relevant your results will be.
